| Catalog Description                                    | DS201 L C32 AC30-L Residual Current Circuit Breaker with Overcurrent Protection   |
| Long Description                                       | The DS201 series RCBO is a 1P+N in two-modules device for the protection of end user<br>single-phase circuits against overload and short-circuit currents; protection against the<br>effects of sinusoidal alternating earth fault currents; protection against indirect contacts and<br>additional protection against direct contacts (with sensitivity = 30 mA). This product is<br>suitable for installations where neutral on the left is needed. |
